

Through the Principal,
Mrs Chandler Jay Siva 

15 September 2022

Dear P5 Parents/Guardians,

Welcome to term 4!

We hope you have had a short yet enriching break with your child. With the option of mask off in school, we will continue to provide more opportunities for our students - fostering a sense of **Purpose** and enhancing **Engagement**. (PROSPER Framework)

Students have a sense of '**purpose**' when they perceive that their goals are worthwhile. Having a sense of purpose is closely related to a sense of meaning in life and frequently involves a pro-social or altruistic intent such as a commitment to helping others or improving the world.

Our students had participated activities like adopting an area in the school to take care, making appreciating cards for our Non-Teaching Staff and donating food for the needy in our community. Another example of empowering students by giving them a 'voice', autonomy and sense of purpose is through their participation in Focus Group Discussions. Through these discussions, students voiced out their perspectives on teachers, student leaders and learning experiences in the school.

All these **Engagement** have allowed our students to be more actively engaged and involved in each step and task in the learning process and their critical and creative thinking.

As our students move on to the next level of their education pathways, they may struggle to make sense of their existence, parents can also play a pivotal role by engaging them in thought-provoking discussions, asking relevant questions, and helping them in self-directed learning, thus, finding a meaningful and helpful purpose in this modern world.

Assessment Matters:

Assessment Information & Schedule

Please take note of the following dates and subjects in the coming school's Semestral Assessment 2. We hope that the information will better assist your child in his/her revision. If you have any queries, please contact your child's Form/Subject Teacher.

Students who are unwell or have flu-like symptoms such as fever, running nose, sore throat and cough will not be allowed to take the assessments for the full duration of the MC. Please keep your child at home for the full duration of the MC and ensure that

there is a negative swab test result (if any) before returning to school. Please do inform your child's form teacher in such an event.

Students who are unwell or unable to sit for any assessment are required to produce a **medical certificate or have a valid reason with supporting documents**. There will be **no make-up** for the assessment.

Level Induction Programme 2023

The Level Induction Program will be held on the first two days of the academic year 2023 and aims to induct our students into their new levels. Returning students would have to cope with not only a new environment, but new teachers and new classmates as well. During the course of the programme, class rules, routines & procedures would be established and their rationale explained. The induction programme serves to establish the standards in what is acceptable and unacceptable, appropriate and inappropriate, the importance of regular attendance, punctuality, as well as, introduce students to the common approaches to positive discipline and the support systems put in place to cater to the students' diverse needs.

The programme will also introduce to the students to the objectives and expectations of some level specific programmes such as Programme for Active Learning, amongst others. It also aims to induct the students into the Formal Curriculum (English, Mathematics, Mother Tongue, Character and Citizen Education, Information and Communication Technology, Physical and Health Education, Aesthetics and Co-Curricular Activities), as well as provide some time for teacher student interaction.

Please be advised that students are to bring **English** and **Mathematics** books and files on the first day and **Mother Tongue** books and files on the second day of the programme.

Regards,

Mr Chong
Year Head P5 & P6
